

# Saipan **Young** Professionals

A Committee of the Saipan Chamber of Commerce

# Our Mission

Inspire, network, and engage young professionals to influence positive change and foster growth that will shape the future of the Marianas.

# Our Goal

To embrace an inclusive and powerful definition of professionalism and leadership that drives civic and cultural responsibility and community service.

# Core Values

We believe that **professionalism** and **leadership** are not tied to a position; rather, it is about a **disposition**. If you are driven to perform a task with the utmost **excellence** and understand that your work affects the lives of others, then you are a **professional**.

If you are **sensitive** to the need for change and are **willing** to commit your **talents** and **invest** your time to seeing that change takes shape, you are a **leader**.

As life brings about **opportunities** to **participate**, we commit to remain **inclusive**, **authentic**, and **humble** throughout the process, **supporting** those who will labor alongside.

# Possibilities

- **Build** connections among government agencies, businesses, and organizations
- **Foster** lasting relationship among leaders who are committed to our island home
- **Encourage** a stewardship for the values and resources of our community
- **Promote** the value of education
- **Advance** sustainability by building human capital
- **Inspire** young professionals to make a difference
- **Preserve** indigenous language and heritage
- **Empower** residents of the CNMI to take ownership and pride in our home
- **And more...**

## Our Committed Network

We benefit from the direct support of the Saipan Chamber of Commerce. The Chamber features the largest association of professionals from leading businesses, government agencies, and organizations. This provides the opportunity to access a wealth of resources, learn from experienced stakeholders, and participate as we labor together to make a positive impact in our island community.

# The SYP Advantage

- **You Become a Chamber Stakeholder**

You will have the opportunity to participate in the General Membership Meetings and Seminars that are hosted by the Saipan Chamber of Commerce, which feature a wide array of relevant issues and hot topics led by experts and key leadership in the field.

- **Build an Authentic Network**

We will plan fun events together to give us an opportunity to connect and build lasting and meaningful friendships that will positively impact both our professional and personal lives.

- **Grow Personally & Professionally**

Many opportunities will be provided for us to access educational resources and engage with successful leaders from business, government agencies, and organization. Their experience and wisdom will add value to both our personal and professional experiences.

- **Give Back to the Community**

We will have opportunities to get involved and give back to our community from beautifying our island to mentoring students to cultural preservation and more. We will work together to make Saipan a little bit better.

- **Your Voice Matters**

You will have the opportunity to voice your ideas and share your passion about important issues that affect our island. We will be your “think tank” and support system to help you advance your thoughts and promote actions accordingly.

**The possibilities are endless...**

# Join SYP Today

## Who Can Join?

The Saipan Young Professionals Committee is open to professionals between the ages of 18 to 40.

## Is there a membership fee involved?
